Property Description

Singing Wood is a unique luxury jungle villa with a large beach entry pool on 3.58 acres with ocean views of isla Ballena and the Tres Hermanas (part of the National Marine Park 'Parque Marino Ballena'). Spectacular sunsets over the islands! The house has 2 bedrooms. The entire second floor is a master suite! This home has many unique design features that you will not find in any other home, and character to integrate well with the jungle setting that surrounds the home. True Nature Lover's and Birder's Paradise! You can see hundreds of species to include: parrots, trogons, bell birds, hummingbirds and many more! Wildlife viewing from the deck and master bedroom is unbelievable! Just 1.2 km from the Costanera Sur. 3hrs 15 min from San Jose. 5 minutes to Ojochal or Uvita, 20 min. Dominical. Lots of shops, international restaurants, banks, doctors and vets offices. Also comes with another large buildable site for another home! Seller is motivated!
