Property Description

Fantastic ocean view property just minutes from the paved road on the hill in the village of Playa Hermosa. The property is located in the south side of the town, a 300-meter drive on a private access toad to the main building site. The 2 acres of land that was part of an old farm, has half of it cleared and ready for you to come and start building your new home. The other half has been left natural and now is a forest with a lot of wildlife coming every day to visit the land. This residential property has room for the main house with year-round sunsets, a guest house, a pool, and plenty of garden space. Are you looking for that private property with a jungle and spectacular Ocean View? Ask me for a virtual tour or come for yourself and we can walk the land that will become your dream property!
