Property Description

This is actually 3 separate properties that are all touching and are being sold as a package. They are located just 500meters from the paved road in Platanillo and about 10 min from Dominical and the beach!! Each property is a little over 2.5 acres and has a private driveway and large building site. The mountain views are amazing and the 1000 ft elevation makes for great breezes. The power and water are at the paved road and can easily be brought to the building sites. This is a perfect option for a family or group of friends all looking to build near each other, or someone that wants to build and sell homes for profit, or even just sell off each individual lot for profit. The lots alone would sell for approx double what they are asking but the seller is very motivated and looking for a quick sale. This is a rare opportunity that will not last long!!!
