Property Description

This property offers the full 'Costa Rica experience' - Big whitewater ocean views, privacy, easy access, amazing oldgrowth trees, prime location and a whitewater stream that can be heard down below. Water (well and spring) and electric are stubbed to this very unique, five acre estate property. There are no restrictions or HOA regulations in place, so this property lends itself ideally for a boutique B&B or small hotel, high end yoga retreat or whatever the lucky owner can dream up. As one enters the private drive and dips into the jungle, a feeling of Gorillas in the Mist comes into play and, although it is only an easy 3 minute drive from the highway, it feels as if you are stepping back into time, far from civilization. The only sounds that await are those of the animals in the trees overhead, the gurgling of the year round stream and the ocean crashing below. A trail system through the jungle would give the owner access to their own nature reserve.
