Property Description

Lot 9 in Las Olas is quite simply one of the most exclusive estate lots in the entire Dominical area and certainly is one of the best opportunities within this exclusive development. Lot 9 is in a privileged location within Las Olas which provides it with the ability to access via the main gated entry, which has 24 hour security, as well as the opportunity to build a private gated entry directly off the main access road to the community. Only a handful of lots provide this duality within Las Olas. In addition, Lot 9 is the closest lot to the ocean providing a unique setting where you have the elevation to provide spectacular ocean and coastline views, year round sunsets and a private location, but also the security of knowing that you will not have anything built below you or in your viewscape moving forward. This lot, along with lots 8 and 11, have all been recently reduced making them the best deals in Las Olas and ideal for individual or a group estate site.
