Property Description

Welcome to Playa Hermosa -- surfers' paradise. Located 15 minutes from the world class surf break of Dominical, Hermosa is an eclectic family community with a mix of North Americans, Ticos, and Europeans, giving you the full benefit of an engaging cross cultural mix. Recently refinished, this 1 BR 1 BA makes a perfect trail head for exploring the area. It could easily be added onto when you are ready; in fact a second level would add some height that would enhance the ocean view. In the meantime, it is low maintenance and carefree. The property itself is surrounded by nature, with a nature lover's mountain view to the right and left of you and a gorgeous ocean view in front. This home would be an excellent short term rental for those times when you aren't here yourself. It's proximity to the beach, quick access from the coastal highway, quiet community, and nearby services make it ideal for you or for your renters.
