Property Description

Pride of ownership shines throughout this solidly built, well maintained open-concept home.Subtle touches make this home different from all the rest! Elegant teak ceilings, granite counter-tops, extra-large tinted windows, back up water supply, electrical surge protection, as well as air-conditioning in every room, make for comfortable living in the tropics. The BEAUTIFUL LANDSCAPED GROUNDS are bordered by small rivers, offering a quiet country feeling. A variety of fruit trees, along with tropical flowers are planted throughout. The land is flat, with plenty of space to build several rental cabins, should one desire. Garden-side swimming pool allows you to exercise and relax in the privacy of your own back yard. Back-up water storage tank with pump is built-in under large section of the pool deck. A great feature when the community water system may be down for a repair in the lines. LOCK & GO CONCEPT - Gated entry, camera system, and security bars throughout the home, and the attached carport.
