Property Description

Lot 5 is ready and waiting for your new tropical home. It has a large buildable pad and is surrounded by some of the most beautiful jungle scenery we have brought to market. Lot 5 boasts an amazing array of mature fruit trees. This time next year, you could be enjoying home-grown mangoes by the pool of your dream home. Based in an enviable mountain location, this Coronado development allows easy access to popular attractions like the Ballena Marine National Park, the surfing beaches of Uvita, and some of the most pristine beaches in the region. Coronado offers grocery stores, cafes, restaurants, and shops but is more of a local town. A short drive to Uvita will offer a wealth of activities such as water sports, horseback riding, hiking, snorkeling, and whale watching. The whole area is abundant in natural beauty, and visitors flock to explore the jungles and waterfalls as much as the stunning coastal landscape.
