Property Description

Costa Verde is a community of people who enjoy the nature that comes with larger lots, the security that comes from being in a gated development, the climate that comes from a higher elevation, and the large number of friends and neighbors who enjoy everything from tennis to sunsets to holiday celebrations together. This lot offers all of that and includes a view of the Pacific to the front and forest on three sides. The surrounding buffer ensures that you will never see neighboring homes even though they are close by. Costa Verde's internal roads are always well kept and made of concrete where appropriate on steeper sections. It takes about 15 minutes to drive to the coastal highway, where you will be midway between Dominical's well known surf spots and Uvita's variety of friends, grocery stores, banks, activities and restaurants.
