This property is located an easy 3-minute drive from the highway and sits at the end of a cul-de-sac which gives it a very private feel. The Ocean views are exceptional, you can see the beach and hear the waves crashing down below the property. There are not many properties left in the southern zone with views that compare to this and that are situated within walking distance to the beach. Legal water and electricity are already in place, so you can build your dream home whenever you are ready. Don't let this amazing opportunity pass you by.
