Property Description

Villa Dos Delfines is a spectacular, one-of-a-kind, custom-built luxury ocean view home nestled in the lush jungle behind Samara Beach. The unique setting of this home allows for the most amazing jungle and ocean views. This large nearly 3-acre property borders the Mala Noche River, Samara's largest river and source of amazing flora and fauna. In the rainy season, the river provides a relaxing flowing water sound to complete the peaceful jungle setting. Built in 2015, this home features ample parking space, a 2 car garage with tons of room for storage. Above the garage is a 2 bedroom and 1 bath apartment, complete with AC, hot water and the most amazing ocean views. Next to the garage is the large main home complete with a large kitchen with granite countertops, locally sourced wood cabinets, a large double sink, and high-end appliances. Above the kitchen is what the owners call "the observation room", it features a bar and lounge space, a half bath and the best views of the property.
