Property Description

Spectacular 42 Acre property with 360-degree views from Ocean to valley and jungle all around. This beautiful large property borders the road with roughly 300 mt. and has a beautiful hilltop peak that boasts views in every direction. At the bottom of the property, it borders a lush jungle stream that runs almost all year long. The property spreads over one ridgeline that flows to the east down into the valley so from the main hilltop you can watch both the sunrise as well as the sunset over the pacific ocean all year! There are several beautiful sites on this property but one of the most amazing parts is this property is an untouched jungle. The old Growth and lush forest gives an amazing feel to the area and is home to an abundance of local wildlife from Monkeys, wild birds local Deer and so much more!
