Property Description

Enjoy spectacular views from this private hacienda style home in the exclusive Vista Royal community. Located at the end of the road, this fenced property offers privacy, nice breezes, and unobstructed views of Playa Guiones and the tropical jungle. This spacious home has a double-height ceiling with an open living-dining-kitchen space and a spiral staircase joining the first and second floors. The large kitchen is well equipped and can accommodate several people cooking and prepping food, making it a nice space to visit with family and friends while getting meals ready. Also on the first floor, there are two rooms that are currently being used as a media room/office and as a quilt studio. Each room could easily be transformed into a bedroom, an exercise and weight room, or a yoga studio—each can become an inviting retreat or a creative space just as you've always envisioned it.
