Property Description

This is a prime opportunity in Playa Junquillal, Costa Rica - a 539m² lot with a strategic location along a main road with potential for an Airbnb rental income property or future business development. With an asking price of \$60,000, this lot provides easy access to various amenities and is situated on a paved road. The location is ideal: 1) Only three blocks to the beach. 2) Just one hour from an international airport. 3) 45 minutes from Playa Tamarindo, a tourism hub with every imaginable service & amenity. 4) Along a paved road with mixed potential use. Measuring 539m², this lot is flat and buildable with the necessary utility connections available. The community enjoys access to one of the region's best water resources, and both electric and fiber optic internet is provided as well. Don't miss out on this incredible chance to own a piece of Playa Junquillal. Contact us today for further details or to schedule a viewing.
