Property Description

Beautiful house surrounded by gardens located in a private residential area. The house is on two floors so you get a beautiful view of the city and the mountains. It has a very spacious and cozy social area with a ranch for events fully equipped with a refrigerator, grill and oven and a heated pool with lighting and a jacuzzi, as well as a beautiful waterfall that makes the stay in the pool very relaxing, a beautiful green area where we found a terrace set to rest. On the first floor is the spacious dining room in open design with the kitchen with modern furniture, good storage capacity and pantry. Then there is the living room, a very cozy place with a functional fireplace. In the private part we have four bedrooms, one of them with a walk-in closet and private bathroom, apart from a full bathroom for the remaining three bedrooms that have a spacious closet. On this same floor we find a beautiful room completely remodeled to create the style of a cinema, with large spaces and an exit to the terrace.
