Property Description

Discover a rare and versatile property comprising three distinct lots, totaling 18,706 m², just 10 minutes from downtown Atenas. This exceptional land offers an almost entirely flat terrain—a true rarity in the area—providing numerous possibilities for residential, commercial, or mixed-use development. The first lot spans 1,578 m² and is planted with fruit trees, with direct access to the public road. The second lot covers 7,703 m² and features historic structures, including a two-bedroom house with a full bathroom, a swimming pool with a children's area, three charming casitas, a traditional rancho, and a building formerly used as a christening church. The third lot encompasses 9,425 m², gently sloping to a tranquil river with a waterfall, and includes a new 500 m² building ready for multiple uses.
