Property Description

Centrally located between Manuel Antonio and Dominical this private 110 hectare/264 acres of ocean view property is less than ten minutes from the Coastal Highway. For over two decades, this parcel has been in private ownership and is now a rare opportunity for the gentlemen rancher or the luxury home developer. The Finca has approximately ten waterfalls, astonishing ocean views, and numerous building sites. From the Portalon River frontage to the 2000 foot elevations, the dynamics of this property would invite many development possibilities.
