Property Description

Introducing Casa Sereneness, a thoughtfully upgraded 1-bedroom, 1-bathroom duplex condo located in the Villaggio II community of Playa Potrero. This property presents a rare opportunity to own a fully renovated home in Costa Rica at an approachable price point, without taking on the compromises often associated with older units. The interior has been reimagined with a clean, coastal-modern style that emphasizes natural light and openness. Vaulted ceilings reaching approximately 18 feet enhance the sense of volume, while the open-plan layout allows for a seamless flow between living, dining, and kitchen areas. The kitchen is designed for both functionality and aesthetics, featuring stainless steel appliances such as a built-in oven, induction range, refrigerator, and a vented microwave. A retractable prep surface increases usability, and the breakfast counter comfortably accommodates two. Dining can be enjoyed indoors or outside, where a private terrace offers a quiet setting surrounded by tropical greenery.
