Property Description

If you are looking to build a home in an area with easy access, close to the beaches, banks, grocery and restaurants.. look no further. This great little property is nestled just a couple football fields away from the Los Moretes river. This is a year-round river with swimming holes and really creates a nice micro-climate. The property is accessed via a 2-wheel drive car (no 4x4 is needed here). There are neighbors nearby, yet you would not know it. The beaches of Uvita are a short five minute ride, as is the Whales Tail. For \$89k, it does not get much better.
