Property Description

Gentle sloping pasture land, with a river at the base of the property, jungle back drop, and ocean views! This property is a great opportunity for someone that wants to build their main residence or build a couple of rental cabins away from everyone yet very close to the beach and the town of Uvita. With open buildable space and public road frontage this property can be sub-dividable and will work for commercial purposes as well. Electricity is near the base of the property and there is a large home site which can be extended if needed.
